

# IDAHO POTATO PULSE

Brought to you by the Idaho Potato Commission

Website: [www.idahopotato.com](http://www.idahopotato.com)

## **Bacterial Ring Rot – Part 4**

*Diseases that are often found at harvest all too often are also found throughout the storage season. In today's mailing we'll look at several of the most important "harvest" diseases and provide information on how to distinguish them from one another. Management options for each disease are also discussed.*

*If you have any doubts about the identity of a storage disease, don't hesitate to contact either of the University of Idaho Potato Extension Specialists responsible for preparing this bulletin: Nora Olsen ([norao@uidaho.edu](mailto:norao@uidaho.edu) 208 423 6634) or Phil Nolte ([pnolte@uidaho.edu](mailto:pnolte@uidaho.edu) 208 529 8376)*

*Dr. Phillip Nolte  
Extension Seed Potato Specialist  
University of Idaho  
Idaho Falls R & E Center  
1776 Science Center Dr.  
TAB Suite 205  
Idaho Falls, ID 83402*

*Superintendent  
University of Idaho Tetonia R & E Center*

*Potato Association of America Past President (2009-2010)*
