

IDAHO POTATO PULSE

Brought to you by the Idaho Potato Commission

Website: www.idahopotato.com

USDA is seeking nominations to the Fruit and Vegetable Advisory Committee. The federal Register notice is: <https://www.federalregister.gov/articles/2013/11/25/2013-28245/2013-2015-fruit-and-vegetable-industry-advisory-committee>

The F&V Advisory Committee “advises” USDA on a wide range of issues. The Advisory Committee also serves as a vehicle for the Administration to preview ideas with industry. The F&V Advisory Committee includes growers and all other segments of the fruit and vegetable industry.

NPC would like to nominate an individual to the advisory committee that would be acceptable to and supported by the entire potato industry. If you have suggestions please send them to me by c.o.b. on Friday this week. I will review them with the NPC Executive Committee and identify a single candidate.

John Keeling
Executive VP and CEO
