

QUESTION

1. The following table shows the results of a survey of 1000 people in a large city. The respondents were asked whether they had ever used a mobile phone, and if so, how long they had used one for. The table shows the number of people who had used a mobile phone for a given length of time, and the percentage of the total sample that this represents.

Length of time using a mobile phone	Number of people	Percentage of total sample
Never	100	10%
Less than 1 year	200	20%
1 to 2 years	300	30%
2 to 3 years	200	20%
3 to 4 years	100	10%
4 to 5 years	50	5%
5 years or more	50	5%

2. The following table shows the results of a survey of 1000 people in a large city. The respondents were asked whether they had ever used a mobile phone, and if so, how long they had used one for. The table shows the number of people who had used a mobile phone for a given length of time, and the percentage of the total sample that this represents.

Length of time using a mobile phone	Number of people	Percentage of total sample
Never	100	10%
Less than 1 year	200	20%
1 to 2 years	300	30%
2 to 3 years	200	20%
3 to 4 years	100	10%
4 to 5 years	50	5%
5 years or more	50	5%
