**\$4 BILLION +
30,000 JOBS!**

Idaho® potato harvests deliver!

- 43% are used in processed products (frozen and dehydrated)
- 43% are fresh
- 14% are grown for certified seed

HISTORICAL POTATO FACTS

1872 The Russet Burbank potato was developed by American horticulturist Luther Burbank. He sold the rights to his namesake potato for \$150. By the early 1900s this variety, a Russet Burbank, began appearing throughout Idaho.

1937 The Idaho Potato Commission (IPC) was founded as the Idaho Fruit and Vegetable Advertising Commission. IPC is a state agency responsible for promoting and protecting the famous Grown in Idaho® seal—as assuring consumers they are purchasing genuine, top-quality Idaho® potatoes.

2012 IPC celebrated its 75th Anniversary in 2012 in a big way! The Big Idaho Potato Truck rolled out the world's largest potato and toured the continental U.S.
